## Harpe

Designer: **Fabrice Berrux**

Harpe coffee tables, while decorating the living room, are practical storage areas which elegantly enhance the living room on their own or in combination. The collection of Harpe coffee tables is inspired by the strings of a harp from which they take their name: the base is visually light and encircles

the top, available in various materials from marble to ceramic, as well as metal and glass. With their different heights and dimensions and different available tops, the Harpe round coffee tables for living spaces can adapt to every living room, both when placed alone and when combined.
