

# BONALDO

## Roll

Designer: **Dondoli and Pocci**

The ability to fix the Roll modern modular bookcase to the ceiling, as well as to the wall, makes it a furnishing element that can also be installed in the centre of a room to divide it into two spaces. Mounting it to the wall takes place by means of supports composed of metal tubes with a lead finish; both the shelves and the details that emerge from the metal tubes

are available in the same finish as the supports, or in different finishes for a play of contrasts of utmost elegance. The modularity of the modern Roll bookcase makes it suitable for any size of wall, both in the home or office. A box module is also available, to store objects and books.

# Data sheet
